GARDENS

One of the main features of this lovely cottage are the beautiful private and sheltered south facing gardens which are perfect for someone that has green fingers who enjoys spending lots of time outside and also a fabulous place to relax and entertain your family and friends. A latch and brace gate leads into the gardens from the driveway and down a crazy paved pathway which bisects two areas of gently sloping lawns and these are interspersed with and surrounded by high mixed hedging and fencing. There are well stocked raised rockeries and flowerbeds which have an abundance of colour with a wide variety of plants, shrubs and ground cover making this a garden to enjoy. In the left hand corner of the garden sits a painted timber shed and a pathway which runs across the front of the property. To the right hand side of the garden, on the other side of the crazy paved pathway, the lawns continue and this is enclosed by painted timber fencing and a latch and brace door which takes you out to the driveway. The lawns continue passing further well stocked flowerbeds and in the far corner sits a delightful large raised decking area perfect to catch the afternoon and evening sun through to sunset with alfresco dining and drinks. Just down from the decking area is a second timber garden shed which is also included within the sale. This garden is so well screened from the road it is possible that you have driven past it many times without realising that it's there. It is impossible to do justice to such a lovely garden in print, only a personal viewing will allow you to appreciate what it has to offer new owners.
